sold at that figure, supposed to be for shipment. The market was not, however, firm at that rate, and after ward 1900 bbis Genesee were sold for export at 5.94.— We quote Western, at the close, 5.874.75.24, with inquiry for shipment, but not at present prices. For home use we did not hear of much doing. Sales 300 bbls Baltimore City at 5.75. Export from 1st to 23d December— Wheat Flour, 92.791 bbls.

GRAIN—The Western Wheat reported yesterday at 135c, was sold some days since. The quality was very prime. A sale of 10,000 bushels Genesee was made for export, late on Tuesday evening, on terms not transpired. The sale of Barley reported yesterday at 65c, we understand was but 3000 bushels. Corn is rather firmer, and we notice sales 3000 or 4000 bushels Southern at 73. 27%, weight, delivered, and 1000 do Jersey at 73c. Rye is dull and nominal at 75.278. The last sale that has come to our knowledge was made some 10 days since at 80jc. Oats 45.24% for Canal. Sales 450 bags Black Eyed Peas at 1.75 per bag, and Southern White Beans, in lots, at 150 per bushels. The Geneva Gazette of Friday contains a call, numerously and respectably signed, for a Railroad Convention to be held at Geneva on the 7th proximo, with reference "to the project of a great railroad thoroughfare from the cities of Washington and Baltimore, through the vallies of the Susquehanna and the Seneca Lake, by the way of Elmira and Geneva to Great Sodus Bay on the Northern frontier." The people of Western New-York, and of the upper counties of Pennsylvania friendly to the project, are invited to attend. The Gazette, in alusion to the call, says:

"This Convention, we are assured, will be attended by delegates from Fennsylvania, where a connection by this route, with the public works of our State, is generally regarded as the most feasible and practicable of any as yet proposed. Our neighbors to the North are deeply interested in this matter, and we hope to see a large delegation from that quarter. The great object of forming a connection between the city of Washington and Lake Ontario, which will vary in no part but about five miles from a meridian line, must atrike every one as being of great national, as well as local, importance."

New Establishment for the exclusive Sale of Choice PERTUMERY, FANCY SOAPS,
And Toilet Articles, Wholesale and Retail.

The SUBSCRIBER, who exhibited at the late Fair of the American Institute, the much admired display of choice Perfumery and Toilet Soaps, and who was there awarded, by the honorable judges, a Golden Medal, has opened an establishment in this city at No. 159 Broadway, where he offers a speciality of Pertumery not to be surpassed either in Europe or America. He would remark that his Perfumery has the great advantage over the foreign of being ireshly prepared, and that the unequaled opportunities he enjoyed of learning his art in the Laboratory of Laugier Perciet Fits, of which he was for many years the director, guarantees his possession of a skill equal to that of any European Perfumer.

A complete assortment of choice articles of the most celebrated foreign houses, will at all times be kept on hand, thus enabling his customers to compare and to choose, and be has also imported from Paris a beautiful assortment of FANCY ARTICLES, suitable for the approaching holidays.
